Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Fire Station Rehabilitation Project Canyon, TX in Fiscal Year 2026. The entity to receive this project is the City of Canyon, located at 301 16th Street, Canyon, Texas 79015. The funding would be used for making critical updates to the functionality of their current fire house to allow for 24/7 operations, including constructing new sleeping quarters, a cooking and dining space, a physical training space, and a new community space for staff. This renovation will also allow for modernization of the current facility, including a new turnout gear storage space, air tank filling station, laundry room, and command staff offices. The project is an appropriate use of taxpayer funds because it will allow the city to increase its emergency response capabilities and improve public safety services.

The project has a federal nexus because the funding provided is for the purposes authorized under Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Ronny L. Jackson
Member of Congress
