Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Red River Authority Foard County Water System Project in Fiscal Year 2026. The entity to receive funding for this project is the Red River Authority of Texas, located at P.O. Box 240, Wichita Falls, Texas 76307. The funding would be used to meet regulatory compliance for pressure and storage for the Red River Authority Foard County Water System, including upgrading the Pump Station with new piping, electrical equipment, control work, a generator quick connect, and pumps to meet the gallons per minute pumping requirements, as well as three new ground storage tanks in the system. This project is an appropriate use of taxpayer funds because it will allow for the necessary repairs and replacement of aging rural water systems that are decaying, causing outages for consumers due to leaks.

This project has a Federal nexus because the funding provided for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Ronny L. Jackson
Member of Congress
