Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Amarillo NE Interceptor Wastewater Project in fiscal year 2025. The entity to receive funding for this project is the City of Amarillo, located at 601 S. Buchanan Amarillo, Texas 79101. The funding would be used to complete the NE Interceptor project, which will provide safe and dependable sanitary sewer services to the NE Interceptor Phase II Service Area, encompassing the former Amarillo Air Force Base, as well as commercial frontage along US Highway 60 and Interstate Highway 40. This project consists of 10 projects, including nearly 10,400 linear feet of 36" Fiberglass Reinforced Plastics gravity sewer pipe, 500 steel casings, 16 manhole replacements, a traffic control project, an erosion control project, and seeding and restoration projects. This project is an appropriate use of taxpayer funds because it will help the city complete its Phase II Service Area, which is projected to provide sanitary sewer service to approximately 6,300 acres.

This project has a Federal nexus because the funding provided for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Ronny L. Jackson  
Member of Congress
